

TOMORROW'S ELKHART. STARTING TODAY.

## Hively Avenue Overpass

### Location

Hively Avenue Railroad Crossing  
Includes South Main Street, Sterling Avenue, Hammond Avenue, Roosevelt Avenue, and Warren Street

### Schedule (subject to change)

Utility relocations start March 2025  
Major work expected to start March 2026  
Completed by November 2027

### Description

The Hively Avenue Overpass will complete the city's crossing transformation by constructing a new bridge over the Norfolk Southern Railroad, South Main Street, and Sterling and Hammond Avenues

### Impacts

Improve traffic flow and reduce congestion, enhance safety, increase connectivity between neighborhoods, improve integration with regional trail network, support economic development, and improve railroad operations

### Scope of Work

The grade separation will include two vehicle travel lanes, ADA-compliant sidewalks, and a multiuse path
