Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The is the third year of Elkhart's 2020-2024 Consolidated Plan. The during the first year Elkhart improved many of its parks and recreation facilities through the CDBG program. During the second year, the city and its non-profit stakeholders will focused on addressing the needs of the community to address the effect of the COVID-19 pandemic through the implementation of various CDBG-CV programs and activities. This third program year, efforts will be made to address the housing needs of the community and implementing the strategic planning goals outlined in the consolidated plan.

2. Summarize the objectives and outcomes identified in the Plan

During this plan year, Elkhart and its non-profit partners will undertake projects focused on housing quality and expanding housing opportunities, homelessness prevention and assisting residents with special needs. In PY 2023, the city of Elkhart and its nonprofit stakeholder will:

- Renovate up to 15 housing units;
- Providing homebuying assistance for up to 15 LMI households;
- Provide fair housing education and outreach to 300 Elkhart residents and stakeholders;
- Assist 750 homeless households or households at risk of homelessness;
- Assist 165 non-homeless household through counseling or other public service activities;
- Assist up to 715 special-need residents through transportation activities or other supportive services; and,
- Benefit up to 1,000 low- and moderate-income households through public facilities improvements.

3. Evaluation of past performance

During PY 2021, the second year of the consolidated plan, the city and its nonprofit partners focused on addressing the effects of the COVID-19 pandemic through the implementation of various CDBG-CV programs and activities, including emergency shelter upgrades, providing COVID testing and sanitation supplies, enhancing transportation access, and providing short-term financial assistance to those individuals impacted by job loss due to the effects of COVID.

COVID-19 required the city and its partners to make significant adjustments to their operations and program schedules. Additionally, construction material costs ballooned significantly, and the pool of available contractors shrank. This resulted in a number of residential rehabilitation projects being delayed in PY 2020, which were completed during PY 2021. The city also completed the improvements of six neighborhood parks, which included new playground equipment, ADA accessibility improvements, and upgrades to recreation trails and pathways.

4. Summary of Citizen Participation Process and consultation process

The City of Elkhart held two public meetings and one subrecipient training during the planning process to gain feedback about priorities and solicit project proposals. Due to COVID-19 all meetings were held virtually on March 1, 2021. The two public meetings were at 10:00am and 5:30pm, and the subrecipient training was held at 11:30am. Five individuals attended the 10am planning meeting and one resident attended the 5:30pm meeting.

Twenty-three (23) people, representing 16 public agencies or non-profit organizations attended the subrecipient meeting.

The 30-day public hearing began on March 30, 2021. Two public hearings were held to review the draft action plan. The first was held during the Elkhart Redevelopment Commission meeting on April 13, 2021 at 4:00pm. The second public hearing was held on April 14, 2021 at 5:30pm. No comments were received at either public hearing.

5. Summary of public comments

No public comments were received.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments were received.

7. Summary

This is the second year of Elkhart's 2021-2025 Consolidated Plan. The during the first year Elkhart improved many of its parks and recreation facilities through the CDBG program. During the second year, the city and its non-profit stakeholders will focus on the housing needs of the community and implementing the strategic planning goals outlined in the consolidated plan.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

2. Introduction

The City of Elkhart utilized a broad outreach campaign to provide opportunities for interested residents, stakeholders, elected officials, neighborhood and civic leaders, and community agencies to provide input into the development of the Consolidated Plan. Those efforts included public meetings, focus groups, individual interviews and online surveys. Elkhart used the results of the consolidated planning process, as well as in-person public meetings on February 28, 2022 and March 1, 2022 for the third-year action plan to determine the priorities and activities that will be undertaken in PY 2022.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

Coordination between the City of Elkhart and its housing, public and mental health, and social services providers will be undertaken by the Community and Redevelopment Department. This department administers the Community Development Block Grant (CDBG) funds and is responsible for coordinating projects identified in the consolidated plan. Within the City of Elkhart, there are many community partners that collaborate and undertake the work and activities that benefit low- and moderate-income residents.

LaCasa, Inc. and the Elkhart Housing Authority are the two largest providers of affordable housing opportunities. LaCasa provides homeownership counseling services, as well as develops and rehabilitates rental and for-sale housing. The Elkhart Housing Authority is a local public Housing Authority and receives various sources of funds through HUD to operate their public housing portfolio. They are also the administrator of the Housing Choice Voucher program. The City of Elkhart coordinates with the Elkhart Housing Authority to ensure their residents have access to programs and services.

AIDS Ministries/AIDS Assist provides housing and supportive services for clients with HIV/AIDS and their families for St. Joseph and Elkhart Counties, and they have been long term recipients of CDBG funds from the City of Elkhart.

The Minority Health Coalition of Elkhart County provides health and wellness counseling and assistance to non-homeless special needs populations. Their programs emphasize self-management of chronic diseases, and they work extensively with residents of the Elkhart Housing Authority.

Oaklawn is the region’s main mental health services provider. They work closely with many agencies on outreach to the community including participation in the Indiana Region 2 Homeless Coalition.

Goodwill Industries is the main job training and workforce development agency. Goodwill Industries provides a variety of training opportunities in coordination with other agencies in this area.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

While the City of Elkhart does not provide direct services for homeless prevention, it is an active member and participant in the Indiana Region 2 Homeless Coalition. City staff coordinate programs and activities with area agencies dedicated to helping reduce and eliminate homelessness within the City of Elkhart. The members of the Indiana Region 2 Homeless Coalition work tirelessly to meet the needs of homeless clients. In developing this Consolidated Plan, members of the Elkhart Homeless Coalition participated in public meetings and online surveys. The City of Elkhart will stay engaged with our homeless residents and with our homeless coalition partners to actively reduce homelessness within the City of Elkhart.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The City of Elkhart does not receive ESG funds. The Indiana Region 2 Homeless Coalition is a regional planning group for the continuum of care and works with the State of Indiana in areas of policies and procedures for the administration of HMIS.

AP-12 Participation – 91.105, 91.200(c)

4. Summary of citizen participation process and efforts made to broaden citizen participation.

Summarize citizen participation process and how it impacted goal-setting

The Consolidated Plan was developed through outreach and collaboration of city staff, elected officials, community and civic leaders, neighborhood associations, residents and local agencies. Outreach efforts were designed to reach a broad array of interested constituents and provide them with the opportunity to submit input and feedback on their schedule, including public meetings, online surveys, focus groups, and individual one-on-one interviews. Specific efforts were made to encourage participation from low- and moderate-income residents, non-English speaking residents, public housing residents, and agencies and institutions including non-profit developers, community-based organizations and business and civic leaders. Bi-lingual facilitators were available at each meeting, so attendees did not need to make prior arrangements for translation services.

A Subrecipient meeting was held at 9:00 am on Monday, February 28, 2022 for all agencies interested in applying for CDBG funding. The meeting was held at a centrally located community center. The meeting was advertised in the Elkhart Truth, as well as direct email to approximately 200 agencies and stakeholders. During the meeting the facilitators discussed the CDBG program including goals and eligible uses of funds. Applications for funding were also distributed. The meeting format allowed participants to ask questions regarding potential program and project eligibility, and to seek any technical assistance they needed to complete the funding application. Eighteen individuals representing 12 agencies attended the meeting.

In developing the PY 2022 Action Plan two public planning meetings were held on March 1, 2022. All three meetings were held in a centrally located community center. The first public meeting was held at 10:30am, and the second at 5:30pm. Both meetings were advertised in the Elkhart Truth. The goal of the planning meetings was to review past projects, and identify community needs in areas such as housing, neighborhood development, workforce and economic development, and any other topics residents wanted to discuss. The facilitators reviewed past CDBG programs and goals, described eligible activities, and discussed the estimated CDBG resources that are anticipated to be available to address the identified needs. Between the two public planning meetings, two individuals participated.

The 30-day public comment period will begin on March 25, 2022. Drafts of the PY 2021 Annual Action Plan are available for download on Elkhart's website, as well as available for pick up at the local library and municipal building. An email notification will be sent through the community development email list, and a legal advertisement will be placed in the Elkhart Truth.

Two public hearings will be held to review the draft action plan. The first will be held during the Elkhart Redevelopment Commission meeting on April 12, 2022 at 4:00pm. The second public hearing will be held on April 18, 2022 at 5:30pm.

The citizen participation process directly influences the goals, outcomes and strategies of the Consolidated Plan, and the individual projects outlined in the PY 2022 Action Plan. Residents, stakeholders, agency representatives, public officials, neighborhood leaders and community activists directly shape the plans based on their knowledge of community needs, challenges, and opportunities. All comments and suggestions received through the planning process will be incorporated.

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Elkhart anticipates receiving approximately \$750,000 in CBDG entitlement funds in PY 2022. In addition, the city will work with its partners to secure additional local, state, and federal resources to undertake the activities to achieve the goals and outcomes outlined in the Strategic Plan and Annual Action Plan. Those resources may include TIF revenue, State HOME funds, Low Income Housing Tax Credits, HUD insured financing, and various public grants.

Prior year funds include \$131,597 from PY 2020 and \$183,920 from PY 2021. Elkhart anticipates receiving \$730,000 annually for PY 2023 – PY2024 |

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City and its partners will be aggressive in seeking additional resources as leverage against the CDBG funds for the programs and activities outlined in this plan. The City and its partners have a long history of successfully competing for housing development funds at the state level.

Match requirements will be satisfied by requiring subrecipient agencies receiving CDBG funds from the City of Elkhart to provide at least a 20% cash or in-kind match for their program.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Historically, Elkhart has utilized surplus city-owned property for housing and community development activities undertaken by our non-profit partners. The city will continue to assist its community development partners to stabilize and improve Elkhart's neighborhoods. This may include utilizing city-owned surplus property for housing, economic development or public facilities.

Discussion

The City of Elkhart will aggressively seek outside funding to leverage the federal CDBG dollars over the next five years to implement the goals and objectives of the Consolidated Plan and NRSA Plan. The city and its partners have a proven track record of obtaining and leveraging outside resources to undertake meaningful community development activities.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City of Elkhart has been geographically targeting its CDBG investments since 1995. This has allowed the city to strategically invest its limited resources in a manner that encourages comprehensive redevelopment and lasting change. The community has historically supported the targeting of CDBG resources, and the target geography was again reviewed during the planning process for the 2020-2024 Consolidated Plan. The biggest obstacles to addressing underserved needs are scarce financial resources.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The majority of the programs and activities undertaken through this Action Plan will take place and benefit the Neighborhood Revitalization Strategy Area. The City estimates that over 75% of the funds will be invested in the NRSA target area.

Geographic Distribution

| Target Area | Percentage of Funds |
|--|---------------------|
| Neighborhood Revitalization Strategy Area (NRSA) | 75% |

Table 9 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Elkhart has been geographically targeting its CDBG investments since 1995. This has allowed the city to strategically invest its limited resources in a manner that encourages comprehensive redevelopment and lasting change. The community has historically supported the targeting of CDBG resources, and the target geography was again reviewed during the planning process for the 2020-2024 Consolidated Plan.

Discussion

The City of Elkhart targets its scarce federal resources in low- and moderate-income neighborhoods in an effort to undertake comprehensive redevelopment activities that benefit residents and have lasting change. This approach also enables the City to leverage additional revenue sources such as TIF, state or other federal funds.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City of Elkhart will address affordable housing needs through supporting six non-profit public service agencies that estimate their programs will benefit nearly 1,600 households. Additionally, the city will directly support the creation, renovation, or acquisition of approximately 30 housing units through its residential renovation program, and by partnering with other housing development organizations who are committed to improving Elkhart's neighborhoods.

Table 10 - One Year Goals for Affordable Housing by Support Requirement

| One Year Goals for the Number of Households to be Supported | |
|---|-------|
| Homeless | 750 |
| Non-Homeless | 165 |
| Special-Needs | 715 |
| Total | 1,630 |

Table 11 - One Year Goals for Affordable Housing by Support Type

| One Year Goals for the Number of Households Supported Through | |
|---|----|
| Rental Assistance | 0 |
| The Production of New Units | 0 |
| Rehab of Existing Units | 15 |
| Acquisition of Existing Units | 15 |
| Total | 30 |

Discussion

The city plans to continue its long partnerships with area non-profit agencies to reduce homelessness and improve the lives of Elkhart's low- and moderate-income residents. Through its housing programs and partnerships, the city estimates that 30 housing units will be acquired, constructed or renovated.

AP-60 Public Housing – 91.220(h)

Introduction

The Elkhart Housing Authority (EHA) manages 672 housing units in five developments that are rented to low-income families and seniors. The Housing Authority's inventory ranges from scattered site single-family homes to high-rise apartments. Additionally, EHA administers 727 housing choice vouchers. In total, EHA houses nearly 7% of the Elkhart population.

Actions planned during the next year to address the needs to public housing

The City of Elkhart and the Elkhart Housing Authority have a good working relationship and are both committed to addressing the needs of Elkhart's low-income residents. The EHA continues to work under its HUD approved 5-year plan, which includes possibly partnering with nonprofit agencies to expand or develop new housing units with the city. During the next year the EHA plans to replace the elevators at Riverside Terrace and Waterfall High-Rise.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

EHA continues to encourage its residents to participate in established resident councils and the resident advisory board. All residents are encouraged to participate in the Family Self Sufficiency program, and currently 64 residents are actively involved, in which 28 are currently employed, 4 are enrolled in a GED program, 13 are attending college.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

N/A

Discussion

The City of Elkhart and the EHA will continue to partner to improve the lives of Elkhart residents and provide additional affordable housing units throughout the city.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Emergency shelter in Elkhart County is provided by Faith Mission, primarily serving homeless individuals; Goshen Interfaith, serving homeless families with children; and by the Elkhart County Women's Shelter, serving victims of domestic violence. Transitional housing is provided by Emerge Ministries, YWCA of Northern Indiana, and SPA ministries. Permanent supportive housing is provided by AIDS Ministries and Oaklawn Mental Health Center.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The city plans to assist the following agencies:

- The city will aid the Council on Aging to provide transportation services – up to 400 individuals assisted.
- The city will aid Minority Health Coalition to provide education and services to persons with disabilities from chronic diseases – up to 40 individuals assisted.
- The city will provide assistance to AIDS Ministries/AIDS Assist to serve persons with HIV/AIDS and their families – up to 125 individuals assisted
- The city will provide assistance to YWCA Safe Haven program – up to 750 individuals assisted.

A portion of these populations, such as elderly and physically disabled homeowners, will be assisted through the City's CDBG funded owner-occupied housing rehabilitation program. Outreach efforts are undertaken by a variety of agencies including the Elkhart Police Department, who work with the individuals and link them with social service providers and services.

Addressing the emergency shelter and transitional housing needs of homeless persons

The city plans to assist the following agencies:

- The city will assist AIDS Ministries/AIDS Assist to serve persons with HIV/AIDS and their families – up to 125 individuals assisted
- The city will assist the YWCA Safe Haven program – up to 750 individuals assisted.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Permanent supportive housing is provided by AIDS Ministries and Oaklawn Mental Health Center. Permanent supportive housing (PSH) targeted to chronically homeless individuals has been developed through a variety of partnerships. The current PSH projects in Elkhart County include:

- Lincoln West in Goshen- 14 one-bedroom apartments
- Chapman in Elkhart- 2 three-bedroom apartments
- Westplains in Goshen- 15 one-bedroom apartments
- Scattered sites in Elkhart County- 20 units, size varies
- Benham Ave in Elkhart- 11 one-bedroom apartments

Advocacy, education and coordination of housing and homeless programs in Indiana are managed by the Indiana Housing & Community Development Authority (IHCDA), through the regional Continuum of Care (CofC) network. Elkhart is part of Region 2 CofC, and actively participates with the Indiana Region 2 Homeless Coalition, which meets bi-monthly.

The city will assist AIDS Ministries/AIDS Assist to serve persons with HIV/AIDS and their families.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City continues to fund a number of public agencies and sits on the Region 2 CoC, which helps coordinate these activities. In PY 2022, the city plans to assist the following agencies:

- The city will aid the Council on Aging to provide transportation services – up to 400 individuals assisted.
- The city will aid Minority Health Coalition to provide education and services to persons with disabilities from chronic diseases – up to 40 individuals assisted.
- The city will provide assistance to AIDS Ministries/AIDS Assist to serve persons with HIV/AIDS and their families – up to 125 individuals assisted
- The city will provide assistance to YWCA Safe Haven program – up to 750 individuals assisted.

Discussion

The City the Elkhart will continue to support public agencies with CDBG funds to reduce the effects of homelessness and transition homeless individuals into permeant supportive housing. Staff will also continue to participate in the Region 2 CoC to help ensure a coordinated approach between public agencies and the Consolidated Plan activities.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Over the years, the City of Elkhart has attempted to eliminate barriers to affordable housing and residential investment. These efforts included amending the zoning code to allow smaller lot development, acquiring vacant and tax delinquent parcels for affordable housing, and using non-federal resources to offset infrastructure costs.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The city is committed to removing regulatory barriers to affordable housing. As previous discussed, the city has made great strides in that effort. Moving forward, the city will:

- Provide \$40,000 in PY2022 toward fair housing enforcement and education outreach
- Annually examine its policies for unintended barriers to affordable housing
- Educate residents on the affordable housing needs within Elkhart
- Evaluate surplus land that may be used for affordable housing development
- Continue to provide tax incentives for new affordable housing

Discussion:

The largest barriers for affordable housing and residential investment the funding gap to cover the relatively high cost of construction or renovations, versus the lower sales price or rents that residents can afford. While Elkhart and its partners have seen successes in acquiring these gap funds, the need for quality affordable housing in Elkhart, far exceeds the community's resources. To that end, the city will continue to work with its partners to acquire external resources necessary to make incremental neighborhood improvements, and the city will continue to strategically invest in housing and community projects that improve the lives of its low- and moderate-income residents.

AP-85 Other Actions – 91.220(k)

Introduction:

Below are additional actions the city will undertake to improve Elkhart's neighborhoods.

Actions planned to address obstacles to meeting underserved needs

Closing the development cost gap is the biggest obstacle to providing new or renovating vacant housing units. To that end the city will:

- Work with a non-profit housing agency to become a Community-Based Development Organization (CBDO) so that CDBG funds can be used to offset the cost of new construction
- Work with lending institutions to achieve higher participation in the homebuyer program
- Seek additional housing resources such as LIHTC, and state HOME funds

Actions planned to foster and maintain affordable housing

As described in the Consolidated Plan, there are a number of privately owned, subsidized apartment developments that are nearing the end of their Section 8 contracts or scored low in their most recent inspections. Both scenarios, if left unmitigated, could lead to the loss of those affordable units. To that end, the City will reach out to the property owners and see what assistance may be necessary to keep the units within the affordable housing inventory. The City will also monitor expiring Section 8 contracts and initiate dialogs with those property owners well in advance of the contracts expiring.

Actions planned to reduce lead-based paint hazards

The City will continue to address lead-based paint hazards in properties that receive CDBG funds. Additionally, the city will identify neighborhoods where children could be at high risk for lead poisoning and provide education and outreach to those families. The city will also seek additional funding to remove lead-based paint hazards in units with young children and expand the inventory of lead safe housing units.

Actions planned to reduce the number of poverty-level families

The City of Elkhart has a three-component anti-poverty strategy. The first component is to address the affordability of housing in the community; the second is to support social service agencies providing services to Elkhart; and the third is providing support to educational and job training programs targeted to Section 3 residents.

HOUSING

Housing in Elkhart is unaffordable to extremely-low- and very-low-income residents. The city will provide a series of programs designed to assist clients who are ready to purchase a home, renovate their current home, or find and maintain affordable rental housing. The city will partner with housing developers to bring additional affordable housing units online and improve the quality of existing units.

SOCIAL SERVICES

The city will work with local partner agencies to address social services needs for the community. This assistance, whether in direct financial assistance, case management, or education, will help low- and moderate-income clients improve their living conditions and make changes to their situation that will hopefully lead them out of poverty.

JOB TRAINING AND EDUCATION

The City will fund workforce development and employment training programs. These activities help provide the skills and education necessary for clients to obtain the types of skilled employment that can provide higher wages than existing low-wage unskilled jobs.

Actions planned to develop institutional structure

The Community and Redevelopment Department (Department) is charged with planning, administering, and completion of the CDBG funded projects. The Development Services Department Head is appointed by the Mayor. The Assistant Director of Community and Redevelopment reports to the Department Head and is responsible for management of the CDBG program. Contracts for services and programs funded with CDBG funds are approved by the Redevelopment Commission of the City of Elkhart. This board of volunteer members is appointed by the Mayor and Common Council. The Department works very closely with local partner agencies to undertake the many projects and priorities of our community. The city could not complete these tasks alone and relies on community support to meet the goals and objectives of the Consolidated Plan and the CDBG program.

An identified gap in the institutional structure is the efficient and complete dissemination of information to the public about programs, activities and opportunities. The city and its partners will improve the access to information, to ensure that residents are aware of the programs and services available to them as they work to improve their lives and neighborhoods.

Actions planned to enhance coordination between public and private housing and social service agencies

The city will continue to improve its coordinate between public and private housing and social service agencies. The city will use existing processes, such as the Region 2 CoC and regional economic development forums, to coordinate among the various public and private agencies, companies and organizations.

Where gaps coordination gap exists, the city will hold periodic roundtables will key organizations and agencies. These efforts should help with ongoing coordination and reduce the likelihood of organizations and partners working at cross purposes.

Discussion:

The city is committed to improving the housing and economic situation of Elkhart's residents, business owners, and neighborhoods. Through deliberate and intentional actions, the city will work to reduce barriers to affordable housing, increase wealth for low-and moderate-income households, and ensure its residents have access to information about the programs and services available to improve their lives. These actions, coupled with the programs and activities outlined in this Action Plan will lay the foundation for creating neighborhoods of choice, and improving the health of families and communities.
